Submitted by: Alice Valaskovic

Combine:

1/3 C. minced Green Onions

1 T. minced pickled Jalapeno Peppers

1 - 12 ounce container Cranberry Orange Sauce (Ocean Spray)

1 T. minced Cilantro

1 T. Lime Juice

Cranberry Salsa was part of a fund raiser dinner a number of us were preparing to serve in a private home. Since it was near the holidays we decided to have four people roast and carve turkeys and we would prepare the sides. To make it just a tad different I made this recipe for cranberry salsa -- increasing it 10 times. It was a lot of salsa, but all the tasters pronounced it good. The only problem was we forgot to put it out and were left with loads of cranberry salsa. I actually haven't made it since.
